Improvements:

- only let guests go through haunted house one time

- random scenes and more lighting and sounds effect
- less scenes? Leave the haunting to the imagination
- more people in lockers!!!
- adults liked it too- more advertising to them??
- improve scenes we want to repeat for following years
- 3D paint
- more restrictions on touching the actors- enforce it more and change rules to be more strict so actors don't get injured.
- better clean up procedures and try to get more blood off of school property
- use study hall window instead of art room window next time
